IR-B08 Evolution Infrared Paint Drying Lamps

Last updated January 2018

Short drying times, spot-repair feature
using only one emitter and automatic
distance control by ultrasonic sensor...

IR-B08 Evolution Infrared Paint Drying Lamps

- Launched December 2016 – incorporates current thinking
- 8 gold metallized emitters and reflectors
- Short drying times
- Works with energy-saving 380V, 8.160 Watt
- Includes removable frame adaptors 360° - easy to move
- Very low frame height – only 10cm (without frame adaptor)
- 10m power cable – high flexibility of use
- Spot-repair feature – using only one emitter
- Automatic distance control by ultrasonic sensor
- Temperature control –eliminates heat damage to paint finish
- 2-stage drying (Flash / Continuous)
- Ergonomic design for ease of use
- Digital memory feature: up to 4 individual drying programs can be saved
- Drying area: ca. 2000 x 1400 mm
- Digital process indicator: identifies interruptions to drying programme
- Frame dimensions inc. frame adaptor 360°
(W x D x H) 1120 x 145 x 1510 mm
